 - b. Options issued under the Offer and Shortfall Offer- 364,556,218

6. Current Operations

The Company is a Pooled Development Fund and an Investment Entity (as defined in the Listing Rules) and has been since its formation in 2006 via its passive investments in both listed and unlisted entities. Since its incorporation, the Company has focused on investing in companies that are targeting potentially large energy and mineral resources projects.

The Company's stated investment strategy is to provide selected companies in the resource sector with funding and corporate assistance. The Company aims to achieve maximum capital appreciation by early stage investing into small and medium sized energy and minerals exploration companies, with strong growth potential.

As set out in the Prospectus, the Company intends to use part of the funds raised to expand existing investments, including an additional investment in Advent Energy Ltd, and to seek new investment opportunities.

7. Business Model

The Company's business model is as follows:

- (i) as the Company's current major investment is in unlisted multi project company, Advent Energy Ltd ("**Advent**"), the Company will continue to assess Advent in terms of its development or opportunities going forward;
- (ii) seek out investments within the scope of the PDF Investment Mandate;
- (iii) the Company initially intends to focus on two main types of investments comprising newly formed unlisted and ASX-listed junior exploration companies;
- (iv) allow for investors to benefit from tax incentives under the PDF Act; and
- (v) provide for working capital.

8. Pro Forma

Please refer to the following updated reviewed pro-forma statement of financial position based on the actual amount raised under the Offer. The Company confirms that as at the time of Re-Instatement, it will be funded for at least 2 years.
